

Good morning gents,

It is with much pleasure that I advise I will not require your pre-exam course next year as previously anticipated.

In considering that I'm yet to see a live compile screen and have rushed through the course in two years, a positive result exceeds my greatest expectation.

I want to sincerely thank you both for your efforts in bringing a practical dimension to my studies, and consider your contribution vital to my success.

Thanks again, and keep up the good work.

Guys just like to report that this year i passed my National Exam, and i have no hesitation in stating that i owe it all to you guys.

Anybody who approaches me about the best way to succeed in future i will be telling them to do your course, as it's that which got me through.

Many thanks for your help.

Continue on with it, because it's really helping a lot of people.

Hello David / John,

The results are up on the website and I have PASSED!!!!!!

I could not have done it without you guys. I did not think that such a difference could be made over the course of 10 weeks, the confidence that you installed in me over the course is what I truly believe got me through. I would honestly recommend your course to anyone who is contemplating sitting the national exam in the future, once again thank you so much guys.

I never have to go through that again!!!!!!!

I just wanted to send you a quick message to let you know that I passed the National Exam. This was my first attempt at the exam, and I believe that without the valuable resources available through your website my result wouldn't have been a positive one. Thank you so much for your help and I will be recommending your pre-exam tuition classes.

Thank you and kind regards,
